

Assignment Three

Review Dr. Clarke's proposal titled 'Monitoring of Biomarkers of Bone Loss in Human Sweat – A Non-invasive, Time Efficient Means of Monitoring Bone Resorption Markers under Micro and Partial Gravity Loading Conditions submitted to NASA using the review sheet. This can be found at <http://www.hhp.uh.edu/clayne/GraduateClassess/PEP8323/rfpeval.html>

The proposal can be found at <http://www.hhp.uh.edu/clayne/GraduateClassess/PEP8323/NRA-HRP-2-2007%20Complete.pdf> – under Funded Proposal from the course index page.
